

St John the Baptist, Margate, Kent Baptisms 1679 - 1728

Scope

Baptisms 31st March 1679 to 19th March 1728

Arrangement

Entries are listed alphabetically by surname, in a format similar to the original but with the surname usually quoted only once. In the original, surnames appear twice : first in the left-hand margin, and again in the main entry ~ if these differ, then the version with the most likely representative spelling has been used for indexing purposes, and the other is quoted as a spelling variant.

Surname spellings are as in the original, and have not been standardised. Dates are as in the original, except in a few cases (all noted) where the 25th March appears to have been attributed to the wrong year. Dates have not been converted to 'new style'.

Entries are numbered, and the numbers are used in the indexes (starting at page 29) for Persons, Places and Miscellaneous topics.

Note

The following note appears among the 1724 baptisms :

N.B. the two following Baptisms were omitted to be Registered in the Year 1722 * as I fear several others have been in the foregoing Years thro' the carelessness of the Parish Clerk to whose care the keeping of the Register of this Parish has been committed ever since, by an Ordinance of Parliament made in the late Times of Usurpation, this Trust was taken out of the hands of the Ministers of the several Parishes

[* two 1723 baptisms were also added]
