

D'Elboux Manuscripts **Extracts relating to Thanet**

Scope

Extracts from four volumes of monumental inscriptions and heraldic material, copied & supplemented by Mr R. H. D'Elboux in the 20th century, and published by the Kent FHS on microfiche sets 1756, 1757, 1758 & 1759. Much of the original material was collected in the 18th century by Filmer Southouse, John Thorpe, William Warren and Bryan Faussett.

Arrangement

Entries are arranged alphabetically by heading. Headings give the family's surname, and (as applicable) an abode, and name of the Kent parish where the reference occurs ~ there is also a cross reference to the original on microfiche, in the format noted below.

Entries are numbered, and these are used in the People and Places Indexes on page 5.
